*****Please stay on the Black top up and back. Do not ride on the dirt shoulder*****

We are using private property for this event with some state forest roads for transfer sections. We have permission for the use of this land for this weekend only. The land owner asks please do not use a helmet cam or any kind of video device on their land. They have been kind enough for us to have this event, do not jepordize future ones for all of us, if found or displayed on you tube could result in major fines and the lost of our enduro. For all that we have please enjoy the day and have fun so we may contiune the Sandy Lane Enduro Tradition for years to come.
